

SIGNAGE & ELECTRICAL PROFESSIONALS

Professional Vendors Wanted

We are seeking quality signage and electrical vendors to assist with the growing needs of our global clients.

Signmanager is not a sign manufacturer or installer. We are specialists in the field of signage project management. We rely on our reputable vendor base for all signage work. We detail the customer's specifications and source local qualified manufacturers to procure the required signage at the current market value. The client selects the preferred signage vendor via our online system and we manage the implementation process on their behalf.

"Over the past year, we have been working with Signmanager on different installation and maintenance projects. We have found them to be a great partner and value the relationship"

- Tim Dennis, Vice President, Willow Creek Signs

Our Offer to You

If your organization has manufacturing or installation capabilities and would like greater exposure to multinational corporations, we would like you to join our network of professional vendors.

- Registered vendors will receive work via serviceable area based upon zip code radius when Signmanager's clients log onto the online system
- Payment terms are 23 - 30 days from the time of account, with a weekly payment run
- All Signmanager staff have more than ten years experience in the signage industry, you will be dealing with experts in the field.

You will need:

- To have an email address and internet access
- To register your company and list the area you are willing to service, and the range of services you can provide
- To provide and maintain up to date W-9 and Workman's Compensation Insurance Details in order for purchase orders to be issued
- A minimum of \$1 million in Public Liability Insurance cover.
