

BRIGHTON-IV

Features

- 24V High Performance, High Brightness LED Module
- Half the Amperage, Less Heat & Resistance than a 12V LED Module
- Aluminum PCB
- 40 Modules Per Bag 32.5' (Full Stretch)
- 1.23 Modules Per Foot
- Constant Current Regulated, **NOT** Constant Voltage
- 175' High Efficiency Uniformity Optics
- 5 year, 50K Lifetime
- U.L. File E520387

Dimensions

Technical Parameters

BrightON IV HO	Parameter	Unit
LED Quantity	4	
Power	1.6	Watts
Voltage	DC24	V
Current	67	mA
Beam Angle	175'	°
Driving Mode	Constant Current	
Color Temperature	6500	Kelvin
IP Rating	IP67	
Working Temperatures	-20 ~ 45	°C

Light Distribution Graph
